I couldn't stand up the other day on stage and talk mainly because 1. I would have surely run out of words talking about you and 2. I pretty much knew I couldn't have held back my tears. I generally have never been attached to any of my teachers in my life. But undoubtedly You have been the best Teacher anyone can ever have. Here is why. This is what I learnt from you :

1. A new simple better way to look at everything in life.
2. Believe in myself.
3. Stay positive always. (helped me already a lot)
4. Constant Motivation
5. How Parents matter in our Life.
6. How to stay strong irrespective of the hurdles.
7. Instilling the faith to believe in someone above us.
8. How to face Problems.

9. The 90% theory – not only in exams, But perfection in life.
10. How to keep your calm.
11. Motivated me to do GayathriMantram after years.
12. How staying serious always makes your life bad.
13. How studying for CA is actually Fun.
14. How to be the Perfect Human Being.
15. Last but not the least , Undoubtedly the Best Tax teacher. No one can teach tax like you do.

I admit it sir. I don't come to your classes to learn tax. I come to your classes to learn how to be like you. To admire You.

THANK YOU TgsureshTgs SIR FOR MAKING AN AMENDMENT IN MY LIFE
